

# Corporation Fact Sheet

## About ZOHO Corp.

In its years of successful operations, Zoho Corporation has emerged as a strong and profitable organization with more than 50,000 customers worldwide across 200 countries. Zoho Corporation has offices in CA, Austin, New Jersey, Chennai, Singapore, Tokyo and Beijing. Zoho Corporation is privately held.

With a profitable business model and a heavy emphasis on R&D, Zoho Corporation wants you to Expect More from ITTM.

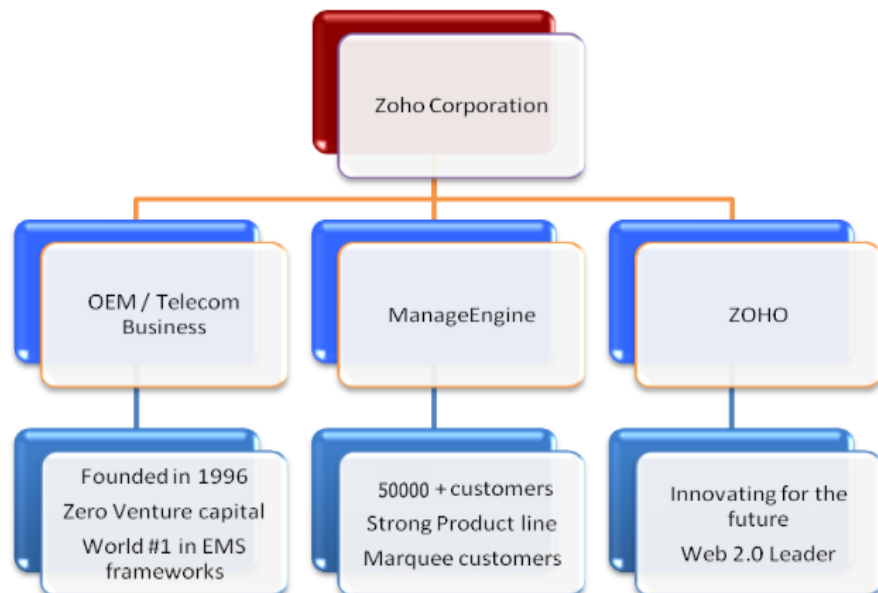

## History

Founded in 1996, Zoho Corporation serves a diverse range of enterprise IT, networking and telecom customers. Zoho Corporation has achieved impressive growth over the years and has been a rock-solid supplier and partner, with sound financials.

Zoho Corporation believes in providing customers with the best software at affordable prices. We believe traditional Enterprise IT Management Software vendors have business models that cannot provide software at the right price.

## Our Philosophy

We believe in innovation and invest heavily on Research and Development. Our products and services range from installed software to Software as a Service (SaaS). Zoho.com is a leader in Online Office Productivity and Collaboration Software (Web 2.0). Additionally our recent announcements about OpManager OnDemand (Network Management - SaaS) and ServiceDesk Plus on-demand show cases our belief in investing heavily on R & D, in the process making sure our Customers invest in a company that stays relevant.

## Markets Served

### Enterprise

ManageEngine is the leader in low-cost enterprise IT management software. The ManageEngine suite offers enterprise IT management solutions including Network Management, HelpDesk & ITIL, Bandwidth Monitoring, Application Management, Desktop Management, Security Management, Password Management, Active Directory reporting, and a Managed Services platform.

ManageEngine products are easy to install, setup and use and offer extensive support, consultation, and training. More than 50,000 organizations including 3 out of every 5 Fortune 500 companies from different verticals, industries, and sizes use ManageEngine to take care of their IT management needs cost effectively. ManageEngine has customers from more than 200 countries . Customers in this segment include HP, EMC, Applied Materials, NASA, DuPoint, Lockheed Martin, StorageTek, and Sony.

## Productivity, Collaboration & Business Applications

Zoho is a comprehensive suite of award-winning online productivity, collaboration and business applications for small and medium-sized businesses, as well as consumers. Over two million users rely on Zoho for their Business, Productivity & Collaboration needs and actively connect via Forums and Blogs.

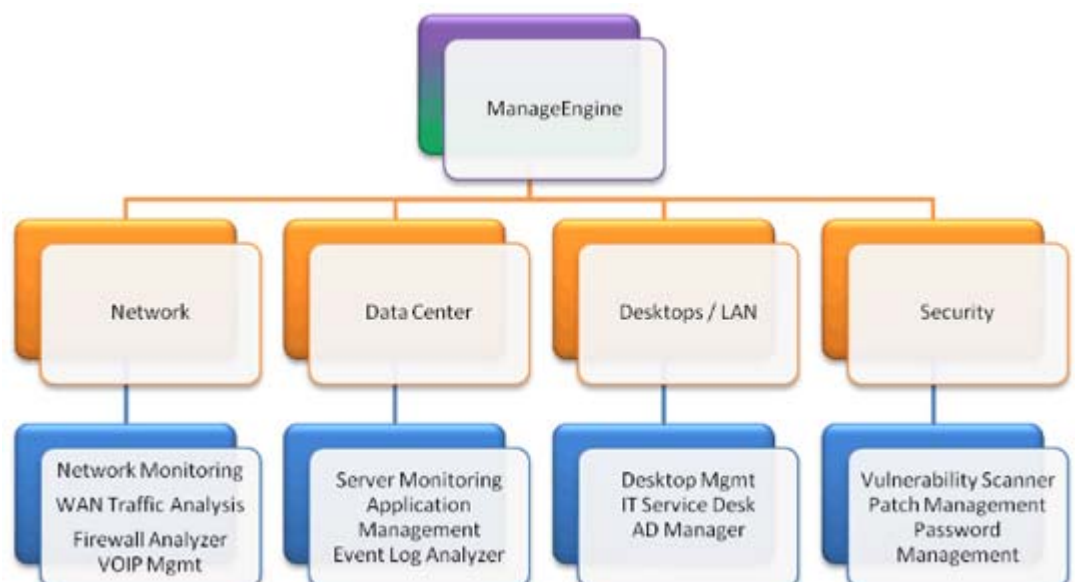

To date, Zoho has launched 22 different applications which include several online office applications such as Writer, Sheet, Show, and Mail along with a host of business applications ranging from CRM to Projects, Invoice and Meeting. These applications are offered directly via Zoho.com or through hundreds of partners in the Zoho Alliance Partner Program. Zoho has received numerous awards, including a 2009 Webware 100 Award and an InfoWorld 2009 Technology of the Year Award.
