Happy International Day of Peace!

Peace refers to freedom from any disturbances or a time of tranquillity when you are not being disturbed by anyone or anything. Here are 10 cybersecurity tips to ensure peace at your workplace

Keep your systems up to date

Back up your data frequently

Install firewall and antivirus software

Encourage employees to choose unique passwords

Set up two-factor and multi-factor authentication methods

Avoid shadow IT

Ensure compliance with regulatory mandates

Promote awareness of phishing schemes

Prompt employees to stay cautious on social media

Conduct cybersecurity awareness programs
